Junior software engineer. Before searching employment as a software engineer, i worked for my uncle as a sales associate at his driving range, while going to college. Finding College wasn't very productive for me I found an alternative in DigitalCrafts, where i developed the skills needed to be a full-stack developer.

Software Development Skills

- Debugging, JavaScript, Python, Node.js, React, Express, Redux, PostgreSQL, Sequelize, Bootstrap, HTML, CSS

Education

DigitalCrafts | Certificate in Software Engineering | Houston, TX November 2019 – March 2019

- Software engineering training program covering full-stack development including, but not limited to JavaScript, Python, including an emphasis on cutting-edge frameworks like React/Redux and server-side technologies including Node.js, Express, and PostgreSQL.

Software Development Portfolio

Movie Review Site | github.com/Collinbarlow98/UIProject December 2019

- Developed with a partner to combine our own Firebase Database, with a web API, as well as becoming more familiar with user interface design.
- A user on the site, has the ability to navigate through the site, or using the search bar to find a movie and view the reviews of said movie. A user can additionally register for an account and then leave their own reviews of the movie if they wish.
- Project built with Javascript, HTML, CSS, Firebase, and themoviedb.com API

WellDone, Medium Clone | well-done-medium-clone.herokuapp.com | github.com/j-ckie/11-2019-backend-project
January 2019

- Member of a 4-person development team building a clone of the popular blog site Medium
- My primary responsibility was on the back-end development of the site, managing the database and being able to retrieve, add, and delete from said database. I also managed to work with the rest of the team in QA, making sure the site ran and looked well.
- Project built with Javascript, HTML, CSS, Node.js, Express, postgresSQL, Sequelize,

Professional Work Experience

Barlow's Golf | sales associate | Houston, TX May 2018 – June 2019

- Worked as an on-site sales associate
- Greet customer on arrival, then take the customers order and provide them with the accurate size buckets filled with the golf balls they would hit into the range.
- At the end of the day or when there were no customers I would step out, and drive the ball picker into the range where he picker would grab the balls, then drive the picker back to inside where i would clean the balls so they are ready to sell.
